

TeachFX class report protocol

1. What happened?

What do you notice? What went well? What could have gone better? Does your TeachFX class report match what you had planned for the lesson? Why or why not?

2. What would you like to have done differently, given the chance?

How could you have engaged your students more? Think about your lesson plan and spur-of-the-moment opportunities.

3. What could be applied to your teaching generally?

Anything you want to do differently tomorrow? How will your next TeachFX class report look?
